

**Do you want to meet new friends and visit new European countries?
Do you think you can leave your comfort zone and try something different?
Are you eager to work with your peers on interesting projects?
Would you like to improve your chance to find good job after school?**

Your school, together with four other schools from countries in European Union (Czech Republic, Hungary, Slovakia and Slovenia), participates in the Erasmus+ project called „Project Learning for better Establishment on Labor market“. In this project you have a chance to improve your hard-skills and soft-skills by working together with your peer from other country on technological project next school year.

You have chance to:

- improve your foreign language skills
- learn planning, testing and evaluation
- work in team with student like you
- travel to country of your teammate
- improve your chance to find a good job
- improve your communication skills
- use project to finish your tech subject
- meet interesting people
- challenge your skills and knowledge
- earn Europass Certificate Supplement

If you are interested, contact Dariusz JĘDRZEJEK (classroom no. 410) at your school and find out more information. Join our big family of more than 70 people.

**Co-funded by the
Erasmus+ Programme
of the European Union**
